# AYSO UNITED

## THE AYSO PLAYER PATHWAY

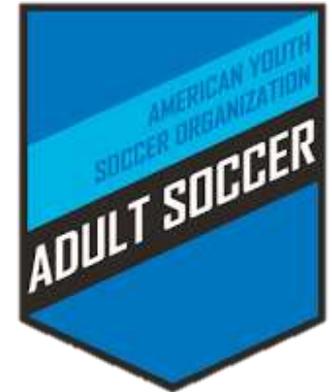

# AYSO UNITED

Our pathway begins with our [AYSO Playground Soccer](#) program designed to introduce families and children to the physical literacy requirements to play soccer. This program is for our entry level players in the 3-5 Year age range, who will then progress into our **AYSO Core** program. Our AYSO Core program is designed around fun and learning and ran by a tremendous volunteer base who allow our players to play in a low-pressure environment. ([Find your local program](#))

The next step in our Pathway is ["Extra"](#) which is a tryout-based program designed for players looking for a more challenging learning and playing environment. In this program the players will play at a higher level in a developmentally appropriate AYSO playing circuit, coached by the top AYSO Coaches with a focus on technical and tactical development.

The final phase in the youth system is the [AYSO United](#) (Club) program. In United, our top players are exposed to the challenges and competition of club soccer. In this environment the players work with high level coaches and play in USYS (US Club) leagues and compete against other youth club organizations. The United program builds on the foundations of all our AYSO Programs ensuring that the players selected are in the appropriate environment to enhance their skill level and competence in the game of soccer.

# Law Changes

## • 05U – 08U No Throw-ins

- Pass-in
- Dribble-in
- Opponents must be 2 yards away

## • 10U Build out line

- All opponents must move (or be moving) beyond the buildout line
  - Goal keeper ball in hand
  - Goal kick
- Goal kick or keeper play to teammate on their side of build out line
- Opponents may cross line when the ball is in play
  - Crosses the penalty area on a goal kick
  - Released by the keeper
- Play must be to teammate on own side of build out line
- No offside on own side of build out line

## • 12U and Below

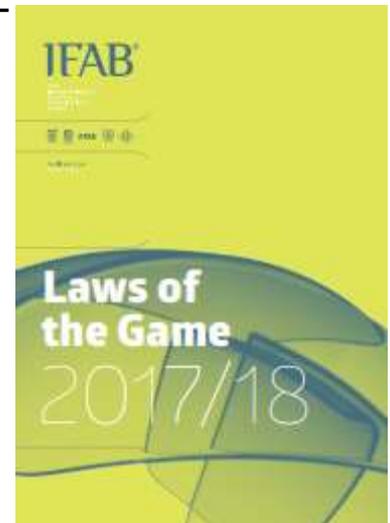

- No Keeper Punting
- Keeper must play the ball from the hand or pass to team
- Treat as dangerous play (indirect free kick)
- At spot of punt, or on edge of goal area
- New Field Sizes

	Old	New
U6 → 6U	30y x 15y field; 4'x6' goal	25-35y x 15-25y field; 4'x6' goal
U8 → 8U	50y x 25y field; 6'x18' goal	25-35y x 15-25y field; 4'x6' goal
U10 → 10U	80y x 40y field; 7'x21' goal	55-65y x 35-45y field; 6.5'x18.5' goal
U12 → 12U	100y x 50y field; 8'x24' goal	70-80y x 40-55y field; 7'x21' goal

# Law Changes

- Removal of “triple punishment” scenario
  - DOGSO sanctions: play down + PK + Red Card suspension
  - NEW LAW: “legitimate attempt to play the ball” results in fouls – player cautioned (YELLOW) instead of Sent Off (RED)
  - NOTES:
    - Only applies to fouls ***inside the penalty area***
    - Referee’s opinion if “legitimate attempt to play the ball”
    - Foul outside penalty area would be subject to a send off
- Kick-off now kicked in any direction, including backwards
- Players injured in a reckless or excessive force challenge (resulting in caution or send off) NOT required to leave field to receive treatment (expeditious treatment)
- Goalkeeper comes off line during PK is cautioned if the kick fails, and PK re-taken

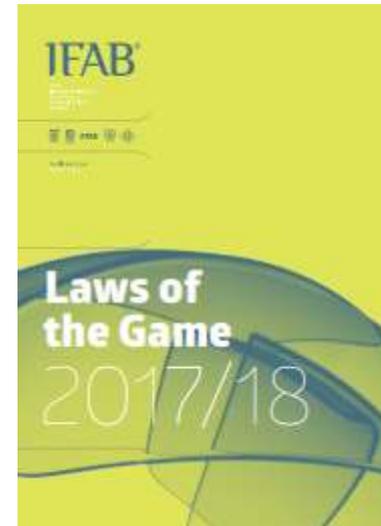

[Click here for the Laws of the Game \(PDF\)](#)

# Law Changes

- Kicker of penalty kick violates Laws, then kick NOT retaken. Restart IFK for defending team
- Foul occurs when players are off field (through course of normal play), then restart is appropriate free kick on the touchline or goal line
  - Old Laws: play restarts dropped ball. Only misconduct committed off the field
  - New Laws: could result in a penalty kick being awarded
- Offside restarts now taken from the point on the field where the offending player was when they became offside
  - Old Laws: restart taken from the point where they were originally in an offside position
